37 colors + 3 types of nail care

You'll want to collect all of them! Uses a long-lasting base formulation that has superb shine and is easy to apply.

Base coat: Apply one coat as a base coat or apply multiple coats and wear it alone as a kind of foundation for your nails. Boosts the staying power of your nail color, while protecting your nails.

Nail hardener: Transparent formula that you can use as a base coat and a top coat, too. Protects your nails and prevents them from splitting or breaking.

Top coat: Protects your nail polish against damage and keeps that freshly applied color and gloss for longer.
